

F3

The F3 utilises the same supremely comfortable shell as the F1 and F2, but mounted on a resilient cantilever frame finished in zinc, black or chrome. Arms may be capped in fabric, leather or any of our hardwood timbers. Shown here with light oak arms matching the light oak table edge.

Design: Hilary Birkbeck

F3
Cantilever Frame

Arms are polished aluminium castings, shown here capped in natural walnut.
The F3 cantilever frame has been tested to BS4875-1 2007, level 4 (back and seat static load).
Shown below finished in polished chrome.

Arms capped in black leather, black frame.

Frame fitted with optional hard floor glides.
